THE GOAL

Tomahawk Scout Reservation is your tool for a great summer camp experience. Tomahawk is utilized by units to meet its goals of carrying out the mission of Scouting through the outdoor program environment. Tomahawk is your ultimate camp experience.

Tomahawk holds the values of Scouting in the highest regard and has the ultimate goal of producing young adults that are equipped with character and trained for citizenship. We believe the way to achieve this is through the guidance of passionate adult leadership in a camp environment.

We offer exciting programs with trained staff, serve great food, and strive to help you during the week. However, we should never lose track of camp's main objective: to provide the unit the opportunity to develop their youth.

It is our goal that after your Tomahawk experience, your unit returns stronger and better prepared to spend the rest of the year producing young adults with character willing to serve their communities. Our hope is they would continue the Scouting message in that community to shape more responsible youth for the future.

STATEMENT OF NONDISCRIMINATION

These camping opportunities are made available through Northern Star Scouting, Boy Scouts of America. They meet the standards of the National Council, BSA, the American Camping Association, and are inspected to assure a high quality, successful camping experience. Tomahawk is committed to a policy that all persons shall have equal access to its facilities, employment, and USDA Child Nutrition Programs without regard to race, creed, color, sex, national origin, age, or handicap.

HOW DO YOU DO IT?

It starts right now as you're planning for camp. Use the patrol method to have Scouts, by patrol, share their interests in the activities they would like to do at Tomahawk. Use the Patrol Leader's Council to summarize the patrol's interest into a common troop list of the most popular programs.

This reinforces the patrol method and gives them the opportunity for "participating citizenship".

Assist patrol leaders with the coaching necessary to get them ready to lead and represent their patrol. Review the use of duty rosters and cover as much as possible about your trip and camp plans so they will be a source of information to their patrol members.

At camp, work through your Senior Patrol Leader and Patrol Leader's Council to construct and carry out plans. Troop members usually enjoy activities planned and carried out by youth leaders, with appropriate guidance, to ensure smooth delivery.

By using and reinforcing the patrol method, Scouts will learn responsibility, cooperation, and leadership – major parts of citizenship – and your troop will return stronger.

WHAT YOU CAN EXPECT

So what can you expect from Tomahawk? We will take care of the programs so you can focus on helping Scouts achieve all they set out to do.

We will provide you a campsite with water, picnic tables, flagpole, fire ring, latrine, and bulletin board.

We will take care of all meals. Your food will be delivered hot to a dining hall, dining shelter, or ready to prepare to your campsite. If you would like to prepare your own food, we will support your unit in that choice as well.

We have a supporting infrastructure that will provide health personnel, sanitation, and administrative support.

Our trained camp staff that will:

- Lead merit badge and Brownsea programs.
- Lead programs that require trained or certified instructors such as rifle ranges, climbing towers, Project COPE, or aquatics activities.
- Coordinate camp-wide activities that help build a larger camp community like campfires and competitions.
- Help you develop a schedule that coordinates your unit's use of the camps facilities and activities.
- Help the unit achieve all they anticipated doing.

MISSION:

To provide fun experiences that develop leadership, character, citizenship, and fitness.

GOALS OF THE OUTDOOR PROGRAM

The secret to successful program at Tomahawk is following the recipe laid out in the goals of the Outdoor Program. We "mission test" each of our activities to ensure that it meets the following principles so your unit not only has fun, but has the opportunity to grow and develop as well.

Your Scouts might be signing up for a troop climb because they think it is fun, but what they will receive is so much more than just an exciting program. They will learn teamwork and cooperation, develop high self esteem, and learn to accept responsibility.

Develop Self Reliance – Building the skills and attitudes that help a person believe that they can better take care of themselves.

Develop Resourcefulness – Building the skills and attitudes that help a person believe that they can use the things available to them for other purposes.

Understand Democracy – Better understanding the form of government or organization that includes voting and making choices.

Learn Respect for the Environment – Learn to appreciate the balance in nature and how to better coexist with the natural world.

Learn Wise Use of Natural Resources – Learn how to take care of the environment.

Be Involved in Participating Citizenship – Being part of a group by doing your share and helping out with the group tasks.

Learning to Accept Responsibility – Learning to do the tasks assigned to you and the things you see need to get done.

Learn to Help Others – Doing things to help other people.

Learn Teamwork and Cooperation – Learning to work together for a common goal and getting along with others.

Learn Respect for Others – To accept and celebrate diversity.

Develop High Self-Esteem – Build a positive feeling about yourself.

Develop Physical, Mental, and Emotional Fitness – Build the body's strength and health and the mind's abilities to solve problems and cope with adversities.

Grow Spiritually – To build the belief that there is something "Beyond Themselves".

A troop advancement summary report will be printed and given to each troop on Friday during your troop reflection after supper.

See page 13 to learn more about merit badge sales.

OLDER SCOUT PROGRAM FORMAT

High Adventures and other programs reserved for older Scouts have been reformatted to work alongside the morning merit badge schedules. We have added high adventure 'bundles' that span over two days. These days are alternated so they work around merit badges. There are also some high adventures that take up only half a day so that you can fill any empty spots in your schedule with more fun and adventure.

PROGRAM SIGN UP IS FIRST COME, FIRST SERVED BY AGE

To simplify the program sign up process for everyone, we have moved to a first come first, served model. The oldest Scouts will have the first opportunity to sign up for programs to ensure their priority for programs is preserved. Program sign up will open first to Scouts 16 and older on the first Tuesday of April. The following Tuesday, Scouts 14 and older will be able to pick programs. The next Tuesday 12 and older, and so on.

LOGGING CAMP OVERNIGHT

We are stepping up the Logging Camp program for older Scouts. Scout 14 and older will be able to spend the night in the log cabin or in the hammock tents at Logging Camp. These Scouts will get to do more blacksmithing, help build a new cabin, and shoot double barrel shotguns. See the Program Catalog for more details.

50 NEW TENTS

Tomahawk has continued to improve its canvas tents. We have rotated out 50 old tents and we have added 50 new to our collection.

CHANGING STATIONS

Sioux, White Pine, and the Arrow of Light Camp will all be receiving changing stations to expand capacity for people to change into beach attire at the beach.

BRANDING STATIONS, LOGGING CAMP EXPANSIONS

We are adding propane powered branding stations at logging camp to increase the number of Scouts that can do branding at any one time. Brand a log, a mug, a belt, or the bill of your hat.

ARROW OF LIGHT OUTPOST HOSTING

Does your feeder Pack send Scouts to the Arrow of Light camp at Tomahawk? They should. There is an option for them to spend an extra night on Monday night as part of an Arrow of Light Outpost. If you would like to host an Arrow of Light den in your campsite please check the box in your Scouting Event reservation under the "Update Information" button on the registration contact person.

BEACH BASH/CHEESEBURGERS/SCOUTMASTER DINNER

On Wednesday night, we'll be hosting Cheeseburgers in Paradise at the Beach. We'll also be running the Beach Bash around this time. At the same time, Scoutmasters and two guests are welcome to join the Tomahawk Director for Dinner at Central Services.

BUS ROUTES ARE BACK

The bus is back! Scouts and Leaders can ride the bus from their camp to programs outside of your camp. There's a route every morning and afternoon. Troops will not be allowed to park at or in their campsite.

CAMP CHEF STOVES FOR RENT IN SIOUX CAMP

Troops in Sioux Camp can rent a Camp Chef propane stove with flat top griddle for the week to make patrol cooking easier. Request this in your reservation.

MERIT BADGE SALES

Since we enter all the merit badge completion data into the reservation system on Friday, we know who has earned which merit badges throughout the week. You won't need to submit an order form to get merit badges. We'll automatically fill your order and you can pick it up on Saturday from Central Services when you checkout. Segments will be available for sale anytime in your camp trading post along with other patches.

FOOD SERVICE

Chippewa and White Pine will eat all three meals in the dining hall/shelters. Sioux will cook Breakfast and Supper in their campsite. Lunch in Sioux camp will be low prep or no prep.

CAMPING/WILDERNESS SURVIVAL/COOKING OUTPOST

On Thursday night, Scouts in these badges will hike to Logging Camp to complete badge requirements.

INTRO TO OUTDOOR LEADER SKILLS

IOLS is back. Leaders that want to take this at camp will need to attend Brownsea and afternoon sessions.

FINISH A BADGE AFTER CAMP SYSTEM

For badges that have requirements that can't be earned at camp, there will be an online submission system for work completed after camp.

TRADING POST AT CAMP

Tomahawk has five camp trading posts on the property. There is a trading post conveniently available in each camp as well as at the Berglund Center.

We take cash, check, or credit card (Visa, MasterCard, Discover)

CUSTOMIZED PRE-ORDER T-SHIRTS

Your troop can order a customized Tomahawk shirt. Wear Tomahawk shirts around camp, showing off your troop number and hometown on the sleeve.

- Orders are placed in advance of camp and are shipped to you.
- Pay online
- Choose your color, cut, size, and shirt material

Go to the Planning for Camp page on the Tomahawk Website to find a link to the store or scan the QR code on this page.

Ordering Deadlines

- Order by May 15th to get your shirts by June 15th.
- Order by June 12th to get your shirts by July 17th

ONLINE TRADING POST

In the month of May, we'll have an online store available for you to pre-order items.

You'll be able to pay online and pick up the items at camp.

With 5 stores, it can be hard to keep a full seasonal stock of apparel and souvenirs throughout the summer. Your pre-orders help ensure the items you want will be there when you get to camp.

Order a Snack Pack and get collectable slushy mug, slushy refills, candy, and ice cream treats.

Although the Scout Oath and Law are the only rules that a Scout camp should need, the following rules and policies have been established to ensure the safety of all Scouts.

UNIT LEADERSHIP

Two registered adult leaders 21 years of age or over are required at all Scouting activities (including summer camp). There must be a registered female adult leader 21 years of age or over in every unit serving females. A registered female adult leader 21 years of age or over must be present for any activity involving female youth.

All adults accompanying a Scouting unit who are present at the activity for 72 total hours or more must be registered as leaders. The 72 hours need not be consecutive.

Leadership in camp will not be a problem if you approach it early. Sources of leadership include your regular Scoutmaster, unit committee members, parents, and members of your sponsoring institution. If you are having problems, now is the time to contact your District Camping Chairperson for assistance in locating good leaders. All adults must be youth protection trained.

VISITORS

All camp guests, visitors, Scouts and leaders must check in and out at Central Services when arriving to or leaving from camp.

Tomahawk's program is designed and intended for registered members and the adult leaders who will be working with them. Other family members or guests may visit the unit campsite with the approval of the Scoutmaster, but if they would like to camp or participate in the program, they must do so through Family Island.

VEHICLES AND DRIVING

CAMP SPEED LIMIT

The camp speed limit is 15 MPH. When campers are present, one should consider going even slower to ensure the safety of everyone.

PASSENGERS

All passengers must wear seat belts. No one can ride in the back of pickup trucks or anywhere else in a vehicle not designed for passengers.

PARKING

Vehicles should be parked in designated parking areas. There is absolutely no parking inside campsites. Loading and unloading at the campsite is allowed, but we ask that vehicles are moved back to a parking area immediately after. If someone in your troop or crew needs a special accommodation, a vehicle may be parked at the campsite and can be used to transport that individual around camp. Please contact camp to receive a special use permit to park at your campsite.

FIRE SAFETY

Camp is a great place to teach Scouts fire safety. Each unit should complete and use the Unit Fireguard Chart. These will be provided at camp. Fires must always be supervised and your campsite fire barrel should be filled with water so ample water supply is quickly available in the case that a fire begins to spread or get out of control. When not in use, all fuels must be kept in locked storage.

BIKES

Adult leaders and Scouts can bring bikes to camp, though hiking still remains the encouraged general method of transportation at Tomahawk. All program areas within a camp can be reached on foot. Those who choose to use their own bikes to get to the more distant parts of Tomahawk, such as Logging Camp, must agree to follow Tomahawk's bike safety policies. Failure to comply with these regulations will result in the loss of riding privileges. Bike riders must follow all traffic regulations:

- Only big tire bikes are allowed. Tomahawk's roads are not friendly to narrow-tire bikes.
- Industry-approved helmets MUST be worn at all times.
- Ride on the right side of the road
- Stop for stop signs
- Ride only on roads or approved trails
- Do not exceed speed limits
- Bikes must be parked upright in designated areas or out of normal traffic paths
- Bikes must be ridden in a responsible manner

QUIET HOURS

Quiet hours are 10 p.m. to 6 a.m. Scouts are expected to be, and stay, in their campsite after the evening programs end.

BUDDY SYSTEM

Scouts must be instructed to use the buddy system when hiking or exploring around camp and are encouraged to inform their leaders of their plans when leaving their campsite.

SCOUTS DEPARTING CAMP

Scouts leaving camp early will need to do so following youth protection guidelines. It is up to each troop to ensure youth protection guidelines are being followed.

CELL PHONES

Phones can be a great way to enhance an outdoor Scouting experience, but they can be a challenge to manage. At Tomahawk, phones are only to be used by youth under the supervision of an adult. Please inform parents not attending camp of your own unit's phone policy before you attend camp.

Phones can have some positive benefits to youth at camp, but in many cases they can cause more issues and are not worth the hassle for troops and crews to manage.

ALCOHOL AND TOBACCO

Alcohol is not to be consumed at camp. Leaders should be of sound mind and body while at camp and not under the influence of alcohol or any other substances. Tobacco and vaping products are also not allowed on Northern Star Scouting Camp Properties.

LEAVE NO TRACE

Tomahawk Scout Camp has been used and enjoyed by Scouts for many years. This year, thousands of Scouts, Webelos, and leaders will pass through the camp gates. This amount of traffic can have a negative impact on the soil, forest, and wildlife. As caretakers of this property, we ask that you be aware of your impact on the land so future generations can enjoy our camp.

Upon arrival at your campsite, hike the entire site before setting up camp. Select patrol sites that have not been used the previous week. Your camp commissioner may have closed a patrol site for conservation. Please do not camp in patrol sites closed for conservation.

LITTER:

Please dispose of all litter in the proper manner. Tomahawk will recycle aluminum cans, glass, plastic, cardboard and must pay for garbage removal. It is everybody's job to keep Tomahawk litter-free.

CAMPSITE IMPROVEMENTS:

Any permanent improvement to your campsite must be approved by the Tomahawk Director or Camp Ranger. No permanent benches, platforms, docks or other structures may be built without advance approval. Please keep Tomahawk rustic!

CAMPFIRES:

Conserve firewood by using small fires or troop-supplied gas stoves under adult supervision. Large campfires are a waste of resources and a camping practice that creates relationship problems when Scouts repeat the practice in State and National Parks. Never leave a fire unattended.

Wisconsin State Law Prohibits transporting firewood into camp.

AQUATICS

The camp aquatics policy follows those stated in Safety Afloat (No. 7368) and Safe Swim Defense (No. 7369). We will follow these for all waterfront usage.

A unit may have a unit waterfront and use Tomahawk's boats and canoes if they comply with the rules of Safety Afloat and Safe Swim Defense.

These same policies apply for any personal watercraft beached at Tomahawk. Jet skis are not allowed except in nationally approved programs.

Troops that want to bring a motor boat must inform camp prior to attending. Troops may park the boat at their campsite. This may require mooring the boat off shore in some cases.

FISHING

Anyone over the age of 16 must acquire a Wisconsin fishing license. These can be purchased online or at a nearby gas station.

WHAT IS A SUB-CAMP?

At Tomahawk we operate four separate sub-camps. Each sub-camp is independent of each other. They each have their own climbing tower, first year camper program, beach, boating area, ecology center, and more. One of our four sub-camps is our Resident Arrow of Light Sub-Camp.

The other three sub-camps are Scout BSA Camps; Chippewa, Sioux, and White Pine. Though they have the same program schedule and offer the same merit badges, they all operate their own separate merit badge programs. This means a unit in Sioux taking Climbing merit badge will not have to wait for those in Chippewa to climb first. The primary differences between the sub-camps are how food service is conducted and how tenting is done.

CHIPPEWA CAMP

If you are looking for that traditional large summer camp feel, then Chippewa is for you. Chippewa has 15 different campsites, most of them directly on a lake! Chippewa operates a Dining Hall and meals are served cafeteria style. If dinner and a show is your thing, then Chippewa is the place for you! Every lunch and dinner, the staff in Chippewa lead a song or put on a skit. There is always something fun happening in the Dining Hall.

SIoux CAMP

If operating under the Patrol Method is what your Troop/Crew is looking for, then Sioux is the place for you. Troops/Crews in Sioux camp will eat all of their meals in their campsites. Food, ready to cook, will be delivered to your campsites before each meal time. You cook the food by patrol. This is a great way for your Scouts to practice their cooking skills without the hassle of shopping and storing food. Food is always better right off the griddle.

WHITE PINE CAMP

White Pine is a great experience for those looking for a smaller camp feel. The areas around White Pine's shore line have beautiful views and hills, and the tenting sites in White Pine are all on raised wooden platforms. White Pine's meals are served in giant Outdoor Dining Halls located on the North or South end of camp. The staff at White Pine are always willing to put on a show at lunch and dinner!

To apply, go online or scan the QR Code below. Applications due by June 1st.

CAMPING WITH WILDLIFE

Tomahawk is home to many different animals native to the Midwest region. White-tailed deer, beavers, porcupines, black bears, snakes, turtles, and many others are commonly seen all throughout the summer. They all enrich the outdoor camping experience and will create memories of your week at Tomahawk. However, they are all wild animals. For your and their protection, we require adherence to our wildlife policies. It is mandatory that all troops, crews, visitors, and staff read and follow the information in the Black Bear Education Manual. It provides information on campsite precautions when camping with wildlife, how to act in an encounter with wildlife, and ways to ensure you have a safe week at camp.

BEARS

Seeing a bear at camp can be very exciting, and it's important to be prepared for this encounter. Please review the information on bears in the Black Bear Manual.

The training in the Black Bear Manual is mandatory. Groups will not be allowed past check-in until we have received a signed copy stating that you have completed the training.

Tomahawk provides a "Bear Box" in each campsite for units to store smellables. The "Bear Boxes" are old streetlight electrical boxes that stand about 6 feet tall, 3 feet wide and about two feet deep. It is recommended that each Scout brings a small plastic tote (approx. 6"x5"x9") to store personal hygiene items and snacks. Please note that while they will keep the large critters out, the "Bear Boxes" will not always keep the small critters, such as mice and insects, out.

TICKS

The forests of TSR are home to many animals including Ticks. It's important to know how to camp in areas that have ticks, as ticks are known carriers of various diseases. Make sure to review [the Tick Born Illness page](#) with your Troop/Crew.

MOSQUITOES

Wetlands and other bodies of water, which are a breeding ground for Mosquitoes, surround Tomahawk. Tomahawk does treat the areas of camp, but we would encourage units to bring mosquito netting as well as bug spray.

OTHER ANIMALS

It's important to remember to Respect Wildlife, a key point in Leave no Trace. When you see an animal in the wild, do not chase after them, feed them, or try to lure them. This is for their safety as well as your own. Its important to remember you may be up for a week, but TSR is home to these animals year round.

Scan the QR code above to see the Bear Manual for Northern Star Scouting or go to:

CampTomahawk.org/Forms

Each campsite has a bear box. These metal cabinets can fit 40 shoebox-sized plastic totes. The bear boxes are bear proof, but are not mouse proof.

HEALTH & MEDICAL RECORDS

All youth and adults attending Tomahawk must have a completed Long Term BSA Health and Medical Record on file with the Health Director.

National BSA policy requires that each participant, regardless of age, uses the same form and has it completed annually by a medical professional. The camp physical has provided early detection of potential problems and valuable information needed in case of an emergency. It has helped make camp a safer place.

We strongly recommend that all health forms be collected by the unit leader at least two weeks prior to camp to ensure that all campers have a completed form.

WHO NEEDS A COMPLETED PART C?

Anyone at camp for 72 hours or more will need to have Part C of the health form completed. Anyone at camp, regardless of the length of the stay, need to have completed Parts A and B.

WHERE TO GET A CAMP PHYSICAL?

Check with your primary medical provider about setting up a physical for camp. Other quick clinics such as Minute Clinic and Walgreens Health Services also provide services for Camp Physicals. Be sure to bring the proper Long Term BSA Health and Medical Record for them to fill out.

Once every year, Tomahawk offers a Free Physical Day at Base Camp. A crew of volunteer doctors come out to help perform physicals for those who need them. The exact date of Free Physical Day shifts each year, but we always notify troops at least a month in advance.

BRING A COPY. DO NOT SEND THE ORIGINALS TO CAMP

Wisconsin State Law requires Tomahawk to keep a copy of every participant's health form for two years. For this reason, please come prepared with a photocopy of the health for our records.

MEDICAL SERVICES

Minor first aid can be handled by your troop or crew with your unit's first aid kit. Other injuries or illnesses can be referred to the camp staff. We have a doctor on the property every week and all summer long we have our Health Director, who is an EMT.

Although medical services are available 24 hours a day, please limit -emergency visits to the Health Director to those times in the morning and evening designated for sick call. In an emergency situation, please have a staff member in your camp help you contact the Health Director for assistance and relay relevant information.

Parents or guardians will be notified of a camper illness or injury if it requires a trip to town. There is no charge for medical services performed in camp for Scouts and leaders.

All campers needing services performed in town at the hospital/clinic are required to handle payments through the unit or family insurance policy.

Family Island campers will receive medical treatment only in an emergency situation. Other medical issues will be referred to the local hospital/clinic.

HOW LONG ARE HEALTH FORMS GOOD FOR?

Health forms are valid through the end of the 12th month from the date it was administered by your medical provider. For example, a physical administered December 3, 2022, would be valid until December 31, 2023.

MEDICATIONS

All non-emergency medications that need to be taken by any Scout at camp must be administered by a designated adult leader. This leader can be an assistant Scoutmaster, Scoutmaster, or parent. Emergency medication like an inhaler or Epi-Pen should be with a camper at all times. Tomahawk can store most medications that need refrigeration.

Medications must be in their original container with the camper's name, the name of the medication, dose, frequency, and the physician's name. Please send a supply for 8 days, not the whole bottle. The dose and frequency on the bottle will be followed, so please ensure that all bottles convey the correct information.

Medications must be stored in a secure area and out of reach of Scouts. Units must have a lock-box and a system in place to secure medications. If you do not have a way to secure medications in the campsite, Tomahawk can provide you a lock box for purchase. Units are required to record medications using the provided medication log book.

SICK CALL TIMES

Morning: 9:00 am to 10:00 am

Evening: 7:00 pm to 8:00 pm

SEVERE WEATHER

Concrete severe weather shelters are located throughout Tomahawk and emergency procedures are posted on the bulletin boards in each campsite.

We encourage troops to have an eye on the weather, but the Administration Staff consistently monitor weather conditions using information from the National Weather Service and subscription based services.

In the event of a weather emergency, staff will notify units and direct them to the appropriate locations. Shelters remain unlocked so that Scouts may utilize the buildings at any time.

A severe weather drill will be done within the first 24 hours of camp.

COVID-19

We are hoping to resume normal program at camp in 2022. Expect health screenings, masking indoors, and some distancing.

COOLERS AND ICE

Troops that will be storing food in camp should plan to bring coolers that can be kept secure in their campsite, vehicle, or bear box. Ice is available for purchase from the Trading Post for \$2 a bag.

Sioux troops utilizing camp food service will be provided one bag of ice free per unit per day. This is to store the provided condiments; milk, butter, peanut butter, and jelly. Additional bags are available for sale for \$2.

BUS SERVICES

Some programs take place outside your sub-camp. For these there is a bus service that runs each morning and afternoon. The bus also runs at other select times throughout the week to support specialty programs.

Adult leaders can ride to access the Berglund Center, which has a Trading Post and Wi-Fi.

Look for the bus stop in your sub-camp. They are centrally located and posted pick up and drop off times.

SHOWERS

There are single entry showers in each sub-camp. Anyone can use the single entry showers. Some camps have adult only showers that are reserved for adults. Showers are available any time.

LAUNDRY

There are washers and dryers available weekdays at Central Services. These are for emergency use and not for planned laundry purposes.

ELECTRICITY

If you need to charge a battery pack or other electronic devices, there are outlets available in the program buildings. If you need power to operate a CPAP and don't have a battery pack of your own, contact camp to see if a battery pack is available to rent.

INTERNET

The Berglund Center and Central Services both have open Wi-Fi for adults.

ORDER OF THE ARROW CALLOUTS

Troops from other Councils can have their participants named at the call-out Ceremonies if they email the list to info@camptomahawk.org. Lodge rules prohibit Tomahawk staff from conducting elections.

A special call-out ceremony will be held on Sunday night at the end of the opening campfire.

MAIL AND PACKAGES

On weekdays, we accept daily deliveries from the USPS, UPS, FedEx, and other carrier services. Please remind parents that it can take three days for mail to reach Tomahawk, so write early.

Follow this format when addressing letters/packages to Scouts at camp.

SWIM CLASSIFICATION PROCEDURES

Units may conduct their own test before camp

The swim classification of individuals participating in a Boy Scouts of America activity is a key element in Safe Swim Defense and Safety Afloat. The swim classification tests should be renewed annually, preferably at the beginning of each outdoor season. Traditionally, the swim classification test has only been conducted at a long-term summer camp. However, there is no restriction that this be the only place the test is conducted. It is highly recommended to conduct the swim classification prior to attending summer camp.

All persons participating in BSA aquatics are classified according to their swimming ability. The classification tests and test procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water. The Swimmer's Test demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum 12-foot depth, and with shallow water footing or a pool or pier edge always within 25 feet of the swimmer.

CONDUCTING YOUR OWN SWIM TESTS

(at the unit level with council approved aquatics resources)

The swim classification test done at a unit level should be conducted by a person with one of the following council-approved certifications: Aquatics Instructor, BSA; Aquatics Supervisor, BSA Lifeguard, certified lifeguard, swimming instructor; or swim coach. When the unit goes to a summer camp, each individual will be issued a buddy tag under the direction of the Camp Aquatics Director for use at the camp. Northern Star Council requires that swim classification tests be conducted within three months prior to the unit's arrival at camp. The signed form must be presented upon arrival in camp.

AT CAMP OPTION

The swim classification test is completed on Sunday afternoon immediately after checking into your campsite. Please pack your swim gear on the top of your pack or tote to make it easier to access upon arrival.

Special Note:

When swim tests are conducted away from or at camp, the Aquatics Director shall at all times reserve the authority to review or retest individuals or entire units to ensure that standards have been maintained.

SWIMMER'S TEST:

Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner using one or more of the following strokes: side stroke, breast stroke, trudgen, or crawl. Then swim 25 yards using an easy resting back stroke. The 100 yards must be swam continuously and include at least one sharp turn. After completing the swim, rest by floating for about one minute.

BEGINNERS TEST:

Jump feet first into water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.

SWIM CLASSIFICATION RECORD

Complete this form to track each individual's current swim classification. Any change in status after this date i.e., non-swimmer to beginner or beginner to swimmer, would require a reclassification test by the Camp Aquatics Director.
