

# Tomahawk Scout Reservation

## Medication Administration Log Booklet

Unit #: \_\_\_\_\_ Week: \_\_\_\_\_ Year: \_\_\_\_\_

Campsite: \_\_\_\_\_

Unit Medication Administrator is:

\_\_\_\_\_

## Instructions for use

Fill out this Log for the administration of your each youth's prescribed medications.

- Only one medication per page.
- If a youth takes two medications they will need two pages in the log.
- If a youth needs a dosage more than twice a day you will need to continue their log onto another page.
- If a youth has a parent in camp to administer medication they do not need to be recorded in this log. Medications can be kept with parents and administer by parents.
- Medications must be in the original containers. No weekly medication containers or plastic bags.
- Medications must be locked. If you do not have a lock box your unit can purchase one from camp. Camp can assist with storing medication that needs refrigeration.
- Emergency medications like an Epi-Pen or an inhaler should be kept with the person it is prescribed to at all times.

Please turn this log into the Welcome Center at check out.  
We are required to retain for our records.

Any questions regarding the completion of this document, please contact your Camp Director.
